The State of Kansas Direct Bill Open Enrollment is just around the corner. Blue Cross and Blue Shield of Kansas, the state’s largest health insurer, wants to make sure you know all of the retirement plan options available to you. As a State of Kansas retiree, you have several options to consider for your medical coverage.

The State of Kansas provides choices to help you determine which plan is best for you and your family. One of your many options is taking your Blue Cross coverage with you into retirement. Retirees eligible for Medicare coverage have Medicare supplement options – Kansas Senior Plan C, Kansas Senior Plan C Select, Kansas Senior Plan G, Kansas Senior Plan G Select and Kansas Senior Plan N. These coverage options are part of our tradition of continuing to serve Kansans and supporting the communities in which they live.

Helping you make the right choice:

- » All Kansas Senior Plans are Medicare supplement plans exclusive to participants in the State of Kansas health plan
- » Blue Cross administers the plan’s medical coverage
- » Provides the same benefits as any Medicare supplement plans sold to eligible persons

These basic benefits are included in all Kansas Senior Plan options:

Hospitalization | Medicare Part A co-insurance plus coverage for 365 days after Medicare benefits end

Medical Expenses | Part B co-insurance generally covers 20% of Medicare-approved expenses or copayments

Blood | First three pints of blood each year

Reduce your premium with Senior Plan – SELECT

Enjoy the same benefits as our Kansas Senior Plans while saving up to 29 percent.

With the SELECT option, you save by agreeing to use a SELECT network of hospitals for non-emergency services. In an emergency, your services are covered at **any** hospital.

Your monthly premium is lower, but you must live in a SELECT county and use a SELECT network hospital for planned admissions to receive full benefits. With Kansas Senior Plans, your monthly premium is higher, but you have the freedom to choose any hospital.

Review this hospital listing to see if your hospital participates in the SELECT network*. It's that simple, and the savings on monthly premiums are significant.
