Getting the most from your retirement coverage!

About Senior Plan C

The State of Kansas direct bill open enrollment is just around the corner. Blue Cross and Blue Shield of Kansas (BCBSKS), the state's largest health insurer, wants to make sure you know all of the retirement plan options available to you. As a State of Kansas retiree, you have several options to consider for your medical coverage.

The State of Kansas provides choices to help you determine which plan is best for you and your family. One of your many options is taking your Blue Cross and Blue Shield of Kansas coverage with you into retirement. Retirees eligible for Medicare coverage have an additional option — Kansas Senior Plan C. This coverage is part of our tradition of continuing to serve Kansans and supporting the communities in which they live.

Kansas Senior Plan C

- A Medicare supplement plan exclusive to participants in the State of Kansas health plan
- Blue Cross and Blue Shield of Kansas administers the plan's medical coverage
- Provides the same benefits as any Medicare Plan C supplement sold to eligible persons
- Kansas Senior Plan C pays what Medicare approves but does not pay. This includes Part A and Part B Medicare deductibles, and any coinsurance required by Medicare coverage rules.

Using providers that accept Medicare assignment assures the Medicare allowance as payment in full. This means that between the Medicare payment and the Kansas Senior Plan C payment, you would have no out-of-pocket costs for covered services.
