

COVID-10 Provider Information Webinar

Frequently Asked Questions (FAQs)

Q:

Do we need to bill the influenza or respiratory panel codes with U07.01?

A:

Effective 04/01/2020, U07.01 was added as an active diagnosis. Please see the current Medical Policies:

- [Influenza Testing](#)
- [Respiratory Virus Testing](#)

Q:

Will the slides for this presentation be available?

A:

Yes, slides are available on our [COVID-19 Provider Information Page](#).

Q:

Will laboratory handling code 99000 be rejected if it is used for COVID-19 laboratory handling?

A:

BCBSKS encourages all providers to file claims with the highest level of specificity coding possible. While 99000 will not reject, please see our [newsletter](#) regarding new specimen collection codes for COVID-19.

Q:

When are virtual therapy services effective for BCBSKS?

A:

Billing for virtual therapies on a UB-04 is effective 04/13/2020.
