

## Prior Authorization

Non-formulary and formulary drugs that require prior authorization.

Members of some group health plans may have terms of coverage or benefits that differ from the information presented here. The following is a list of medications that require prior authorization, but not for all plans. To verify coverage or benefits or determine prior authorization requirements for a particular member, call 800-676-BLUE or send an electronic inquiry through your established connection with your local Blue Plan.

This list may not be all inclusive.

\*Indicates submit PA to BCBSKS. All others are to be submitted to Prime.
