2023 Plan Year

Access to your benefits

BlueCare EPO plans will access the Solutions provider network that has you covered throughout our 103-county coverage area (excluding Johnson and Wyandotte) within the state of Kansas.

Please remember, you have no coverage for services provided outside of the provider network with the exception of medical emergencies. If you receive services from an out-of-network doctor or other healthcare provider, you will be held responsible to pay all of the costs for the services.

In Kansas, these are our impressive numbers:

You have choices

The provider network allows you access to your choice of:

- Medical providers
- Preventive care providers
- Pharmacy locations

Referrals

See the specialist you prefer within the Solutions provider network without having to see a primary care physician (PCP) first.

Referrals to a provider outside of the network cannot be made by your doctor or hospital. **Referrals to non-network providers must be approved by Blue Cross and Blue Shield of Kansas** and are only considered when

the services are not available from an in-network provider. Out-of-network providers are those that do not contract inside the state and all providers outside of our 103-county coverage area within the state of Kansas.

Emergency coverage

If emergency care is needed – even outside of the Solutions provider network – you can go to the nearest hospital and still receive the maximum benefits of your plan.

Exclusions
